For Immediate Release:

Baja Designs Fuego A-Pillar Mount

When used in conjunction with Baja Designs Fuego Mounting Clamps the **Fuego A-Pillar Mount** allows you to easily attach our revolutionary Fuego 4" light to the A-Pillar area of most vehicles. The Fuego A-Pillar mount puts the light within reach for quick on the fly adjustment that does not even require exiting the vehicle. The mount allows you to install the light on the inside or outside of the A-Pillar tube and requires no welding. Since the bracket is adjustable the light can be aimed to almost any angle. The Fuego A-Pillar bracket includes stainless steel mounting hardware and works with our Single Fuego Mounting Clamps which are available for both 1.5" and 1.75" tubing. The Fuego A-Pillar mount is the perfect solution for anyone looking to easily add additional lighting to their UTV, Truck, or Buggy.

Baja Designs Fuego Mounting Clamp

Baja Designs single Fuego mounting clamps allow you to mount Baja Designs popular Fuego 4" light almost anywhere on your vehicle! These two-piece lightweight billet aluminum mounting clamps eliminate the hassle of welding and allow for painless installation or removal. The clamps have a low profile design that works well with all 1.5" and 1.75" tubing.

Baja Designs is a leading manufacturer and marketer of high-quality aftermarket lighting systems and adventure products for the off-road industry. Headquarters are located in San Marcos, California.
