LIMITED LIFETIME WARRANTY

Baja Designs proudly offers a LIFETIME WARRANTY against manufacturer's defect on all the products that we manufacture.

These are comprehensive warranties; other than the exclusions below – you're covered. If your LED or HID bulb burns out, you're covered. Additionally, cutting off our connector or changing your lenses does not automatically void your warranty.

Exclusions:

Installation errors, abuse, misuse or crash damage. You must be the original owner of the product and can supply proof of purchase.

Baja Designs manufactures its own products as well as resells products manufactured by others. Baja Designs makes no express or implied warranties on products not manufactured by Baja Designs including without limitation any warranties or merchantability and fitness for a purpose. We will however, pass on all warranties made by the manufacturer, who has sole responsibility for performing such warranties.

Baja Designs will pay the freight if your product is less than 90 days old, otherwise defective products must be returned to Baja Designs, Inc., freight prepaid. At our option, we will repair or replace items in question and return them at no charge. If the identical product is no longer available, we will replace with a similar product of equal value. Baja Designs Inc. will not be responsible for any indirect or consequential damages in connection with defective merchandise.

Items purchased through a Baja Designs authorized dealer must be returned through the dealer. Only available on LED auxiliary lights and product must be in sellable condition at MSRP. Product that has been damaged in any way after the original purchase date will be excluded from this guarantee.

Indemnification:

Buyer hereby acknowledges off-roading, racing and driving at night are dangerous activities and that the products and/or supplies purchased from Baja Designs are used in an inherently dangerous activity that may endanger life and limb; and in no event shall the seller, or seller's heirs and assigns, be held liable for consequential damages, nor shall seller's liability on any claim for damages arising out of or connected with the sale, delivery, or use of purchased products and/or supplies exceed the purchase price of the products and/or supplies.

Textron Wildcat 2018 Upper Grill/Fascia Kit Instructions

Tools Required

T25 Torx bit (Socket wrench adapter)

Socket wrench, or hand driver adapter

1. To begin, completely remove the hood from the vehicle after releasing the two ¼ turn black plastic thumb fasteners near the front edge.
2. Place the hood upside down on a soft work surface to avoid scratches. Remove the 5 - T25 screws (circled below) and place to the side. The stock grill can be set aside.

3. Place a washer on each of the four corner mounting locations (the fifth screw and mounting location will not be used). Align the new grill over the mounting locations. Assemble each of the stock T25 screws through a washer and into the mounting locations on the hood. Lightly tighten.

The Scientists of Lighting

4. Now, the grill can be adjusted. With the hood still upside down, slide the grill as far to the front as possible and tighten the two T25 screws closest to the front. Then tighten the rear two screws. Flip the hood and check the fitment of the grill. Check that the top edge of the grill and the bottom edge have a “relatively” equal reveal in the opening. Check that the grill is centered left to right.

Repeat this step and adjust as necessary.

Equal reveal

5. Once the grill is adjusted and tight, the hood can be reinstalled onto the vehicle.

Re-torque all the fasteners after 100 miles.

See the instructions supplied with the wiring harness to complete wiring needs.

Your install is now complete! Thank you for choosing Baja Designs.
